

WORLD ASSOCIATION FOR THE PROTECTION OF TANGIBLE AND INTANGIBLE  
CULTURAL HERITAGE IN TIMES OF ARMED CONFLICT

## **VI International Conference on Science and Technology in Archaeology and Conservation**

The event took place in Rome during the period of 9-13 December 2008.

About one hundred and thirty participants from 33 countries presented their latest experiences in the field of protection and promotion of cultural heritage. The STAC Conference this year focused especially on the problems of documentation of Cultural Heritage during times of crisis. A panel dedicated to a review of the damage caused to Cultural Heritage during the recent armed conflict in the Caucasian Region was also carried out at the Conference.
